Once you are a registered user, **LOG IN**.

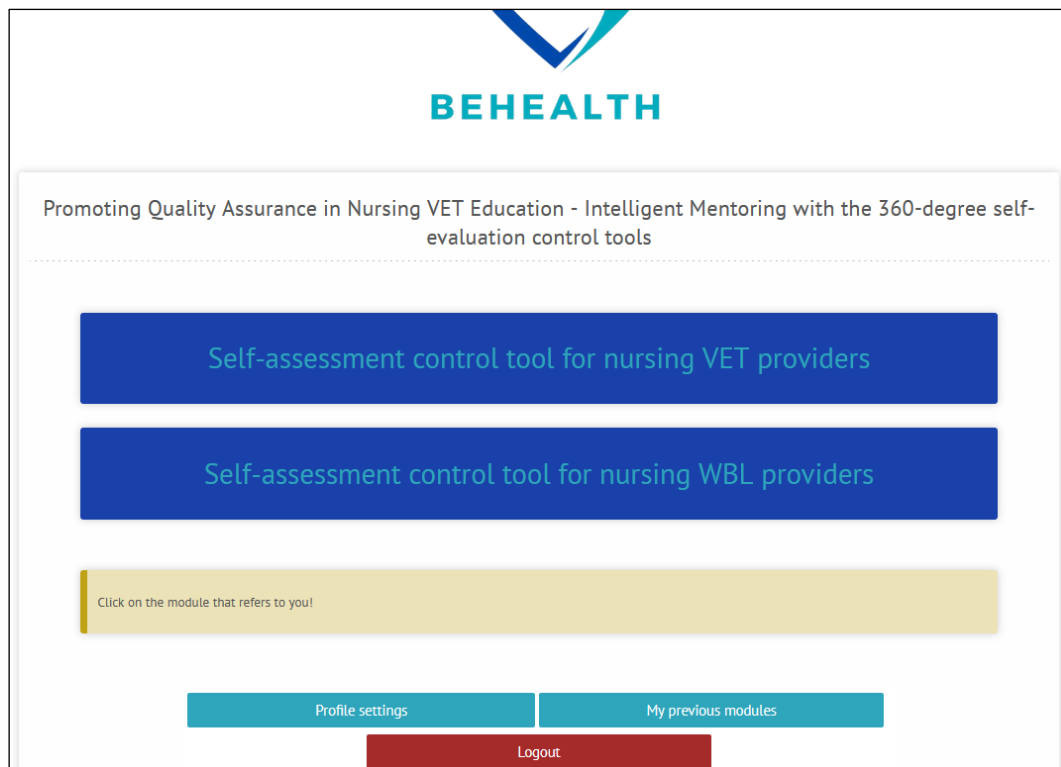

The IMT analyses data by country. The survey can be repeated. The program gives feedback on your **PREVIOUS RESULTS**. For that, you need to set your personal data by clicking on **PROFILE SETTINGS**:

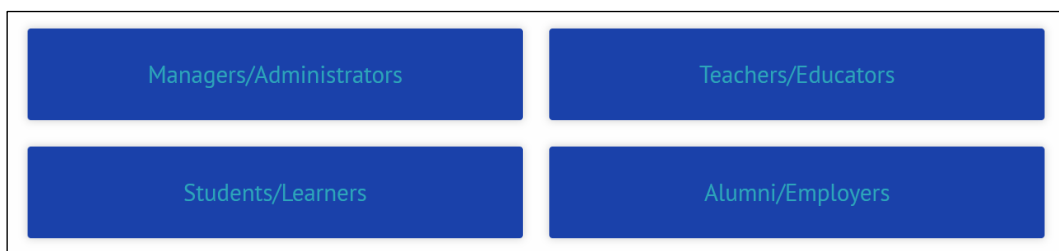

Once you are finished with your profile settings, go **BACK TO THE HOME PAGE**:

The IMT opens like this:

Choose between the NVET and NWBL survey by clicking on the one you want to work with. These are your options then:

Click on the module you want to work with (according to your role in Internal Quality Assurance System). You will arrive at the questions, which look like this:
